DeTray's Custom Housing, LLC Exhibits at Seattle Home and Garden Show

Pictured above: exterior photos at the **February 2024, Seattle Home and Garden Show** at Lumen Field Event Center. of **DeTray's Custom Housing, LLC**, Skyline Ridgewood manufactured home with landscaped surroundings, as well as front porch outdoor living environment showcase!

DeTray's Custom Housing, LLC exhibited a Skyline home at the February 2024, Seattle Home and Garden Show. Our exhibit a huge hit when crowds realized they could get a 587 square foot home for less than an RV or Motorhome! The **"Ridgewood"** has a shed roof with lots of **transom windows** to let in more light. DeTray's stretched the home's length and added the covered porch. **DeTray's customizes every home**, and their experienced sales staff can make suggestions to make every customer thrilled with the quality and function of their new Skyline home!

Nine-foot sidewall height with **vaulted ceilings** throughout, makes every floor plan feel spacious and luxurious. Three-inch flat crown molding finishes the ceiling. **Seventy-two inch windows** are finished with wood cornice valances and mini blinds. A paddle fan is included in the living room.

The new Peachy Keen and Creston Oak add to the other **6 tall cabinet options**. Families can choose **updated formica, solid surface, or quartz counter tops and tile backsplashes**. **Energy Star insulation** is standard. Skyline includes a 50 Gallon hot water tank, dishwasher, 25 cu ft French door bottom freezer with ice and water, super whole house fan, and **smart thermostat with Neem+2.0**.

DeTray's Custom Housing, LLC and Skyline Homes have been partners for over 20 years at several home shows. DeTray's exhibited at the 2024 Seattle Home and Garden Show, as well as the MHRV Show in Puyallup during the month of May for the **last 20 + consecutive years**. The Seattle Home Show is primarily a *"Home Improvement Show"*, while The Puyallup The annual MHRV show at the Western Washington Fairgrounds caters to the "RV Industry" community. Both are a nice fit to showcase DeTray's Custom Homes to contrasting markets.

Plan now to attend the April 2025, MHRV Show in Puyallup and see DeTray's Custom Home exhibits!
